E-type Paint Codes by Roger Mills

Club member Roger Mills has been working hard to produce a list of Original E-type Colours with their corresponding modern paint codes (see below). We hope you find this of use. Please note that, before using any new paint the Club strongly suggests that you conduct a patch test to ensure the colour matches/meets your precise specifications.

More information on original paint codes, plus stockists can be obtained from Nexa Auto Colour Customer Services: +44 (0)1449 771771 (UK only). Worldwide contact numbers, can be found on the Nexa Autocolour website: <http://www.ppg.com/NEXAAUTOCOLOR/index.html>
